New adventure in Prilep 🇲🇰

Who am I ?

Здраво (Hi), I'm Anthony, I'm a 23 years old French.

I'm from the south-eastern of France (the famous French Riviera).

In France I'm an adventure photographer. Means I take pictures of everything around me which looks interesting, and I'm a streamer too.

About streaming, I'm trying to move on a different way to stream. The streaming field is in general about gaming, but as a photographer, I want to mix the both activities and make people travel with me, and discover the photography.

1

MEETING

A bunch of questions, from both sides, an interesting exchange

2

MISSIONS

Establish a link with Macedonian youth, and give them keys to help them

3

OPEN-MINDEDNESS

Best way to open your mind !

TRAVEL

A challenge

Live in a completely different country, with a different culture and language

A way to grow up !

It'll be a way to see how responsible and reasonable I can be

Discover a new culture and share

Wanted to make people discover new things like I do

Arrival !

Macedonia, I'm coming for you.

Landed on the 7th of October 2021. After 7 hours of fly, I finally arrived at Skopje airport. Then, took a taxi straight through all the country, on my way to Prilep.

I saw the capital, Skopje, through the taxi's window. Looks like - at the first sight - Marseille or Nice, but you know, with the Balkan architecture.

Driving in mountain roads, seeing beautiful landscapes. "Looks like Italian mountain roads" was my mind at this moment.

After the trip in taxi, I met Lela, Sarah and hosts at the house where I'm hosted for 2 months.

Lela & Sarah bring me to the Police Station to register me and say "Hey guys, I exist hehe".

Then we went quickly through the downtown to show me markets, where I could buy foods and stuffs if I needed.

During all our walk, I asked many questions - probably to much not gonna lie - to know more about things here, and probably to reassure my subconscious I think.

Almost a week since I'm here in Prilep now.

How do I feel.

As a lot of volunteer people, far away from home.

« Miss my home »

I miss a lot of things, but it's normal. I'm far away of my "normal" life. I mean my habits in France. The weather is kinda capricious, but will be better next days and weeks.

I'm fine, not culturally shocked yet. We'll see how is it gonna go.

I've already take some nice pictures, happy of them honestly.

I still hope to meet different people, to make me visit new places to visit, and tell me country facts.

CHAPTER 1

To resume everything, I'm living with house mates, in a nice neighborhood. First days have been weird cause we had to fix some problems, but it's fine.

SEGA staff is really nice and available if we need.

The city look cool, even if I haven't discovered it yet.

I thought I would be blocked in projects I wanted to share here, and finally everyone is really open minded.

I can't wait to learn more about everything here, the culture, the language ...
